"Launching Careers"

The only awards event in the industry that celebrates and nurtures the talent of emerging cinematographers.

Nurturing talent and creating opportunities for our members continues to be at the heart of the ECAs. From the very beginning, we have dedicated ourselves to an event that benefits members of ICG Local 600 through showcasing their talent and giving them the crucial exposure they need to succeed in the Film and Television Industry.

Our History

In 1996, the Film Showcase debuted as a unique forum for artists to showcase their films and get exposure in an increasingly competitive industry. This event was created under the guidance of Co-Founders, then President George Spiro Dible, ASC, and Robert Kositchek who had a vision to help members through the showcasing process who wanted to become Directors of Photography. There were three (3) rules that still exist today: Active members of Local 600 only can apply, films submitted must be shorts (30 minutes or under), and members who submit a film are not yet Directors of Photography in the Union. Over the course of the next eleven years, the Film Showcase received over 1,000 entries, proving its overwhelming success and popularity. In 2007, under then Guild President Steven Poster, ASC, and Chair Jimmy Matlosz, the Film Showcase rebranded itself as the Emerging Cinematographer Awards (ECA). In 2010, the ECA began a new tradition by having industry guest speakers at the Los Angeles event. Producer, Director/Actor Kevin Smith, was the first to pave the way. Guest speakers who followed him included Director, Werner Herzog; the legendary Actor/Comedian Dick Van Dyke; Actress Lindsay Wagner; Director Richard Kelly; and Actor Alfred Molina. In 2019, the ECA was proud to present its first inaugural Distinguished Filmmaker Award to *Wonder Woman* Director, Patty Jenkins, for her outstanding collaboration with cinematographers in the art and craft of filmmaking.

While still under the leadership of both Co-Chairs, Steven Poster and Jimmy Matlosz, throughout its existence the ECAs have gained momentum by expanding its outreach throughout the country and internationally. Since its inception, the ECAs has shaped itself into a weekend extravaganza offering additional networking benefits for the honorees and sponsors. On Friday, ECA honorees and sponsors attend the exclusive ECA VIP event typically held at the American Society of Cinematographers clubhouse where the generous in-kind prizes from our sponsors are presented to the honorees so that they so they may continue their craft in filmmaking on future projects. On Saturday, honorees enjoy quality time with a team of Agents from renowned Los Angeles based talent agencies who lead an informative roundtable discussion. On Sunday, we kick off the ECA event by first gathering in the VIP room for a pre-event celebration and photo opportunities with invited press, followed by the highly anticipated awards ceremony and film screening. The ECA evening will end with a cocktail reception for all attendees to enjoy. As a result of the exposure the ECAs has received and the relationships it has helped create, many of the past ECA honorees have moved up the ranks to Directors of Photography and have credited the International Cinematographers Guild ECA event as the boost they needed to advance their careers. Currently, the ECAs remains as the only awards event in the industry that celebrates and nurtures the talent of its Emerging Cinematographers.
